About DSMIG

DSMIG is a registered charity. It is a network of healthcare professionals, mainly from the UK and Republic of Ireland. The group meets twice a year, once in London and once at a regional base. The aim of the group is to share and disseminate information about the medical aspects of Down syndrome and to promote interest in the specialist management of the syndrome.

We do this by

- Offering advice through our information service about the medical aspects of Down syndrome, and about some aspects of individual local medical services in the UK.
- Maintaining a website: www.dsmig.org.uk
- Holding members' meetings and open symposia twice each year, each with a focus on one or two medical issues, models of service provision, research in the field and opportunities for confidential case discussion.
- Developing and maintaining guidelines on best medical practice.
- Producing materials to support the provision of health care for individuals with Down syndrome including PCHR inserts and Down Syndrome Growth Charts

Aims of meeting

The meeting follows our usual format with the meeting being divided into 2 sections:

- Members' meeting – is for DSMIG members only includes our AGM, business meeting and case discussions
- Open meeting – as detailed in the programme.

Learning Objectives

- Members attending the Member's meeting will have the opportunity to bring cases for interactive discussion, for peer review, to share learning or to seek advice on diagnostic or treatment dilemmas in a safe and confidential environment.
- Delegates to the main meeting will hear a series of presentations by experts working with children with Down Syndrome in their specialist field.

Who Should Come? The Open meeting is for health and associated professionals working in the field of Down Syndrome including :

- Health visitors , School or other children's nurses
- Therapists
- GPs
- Other professionals and researchers supporting people with Down Syndrome
- Paediatricians
- Learning disability nurses and doctors
- Information officers /advisors from Parent support organisations
