To book educational session

- Please register on the website at <https://www.dsmig.org.uk/meetings/upcoming-meetings/>
- Any questions can be directed to info@dsmig.org.uk

Target Audience for the Open Meeting:

- Doctors and nurses with an interest in Down Syndrome.
- Paediatricians (Community and Acute)
- Allied Health Care Professionals who work with adults and children with Down Syndrome (DS) e.g. Speech and language therapists, physiotherapists and occupational therapists, student and trainee doctors and nurses

Other professionals welcome:

- Teachers and educational psychologists involved with CYP with DS

Key Learning Aims:

- The audience will gain a good understanding of the latest research on the impact of COVID-19 on children and adults with Down Syndrome including latest information from the ISARIC data and relate this to their clinical practice.
- The audience will gain a good understanding of important principals of management of co-existing congenital heart disease in children with Down Syndrome.

DSMIG Members Meeting

DSMIG membership is open to all healthcare professionals with a special interest in Down Syndrome and new members are warmly welcomed. As clinical cases are discussed, this section of the meeting is closed to members only. **Members will receive information on the closed component of the meeting via email.**

Further information on joining the DSMIG can be found on our website:

<https://www.dsmig.org.uk/about-dsmig/how-to-join/>
